

ADVISE-A-STUDENT PROGRAM
Advisor Registration Form

The Chicago Public Schools Student Science Fair ADVISE-A-STUDENT PROGRAM is designed to provide students with advice for their science fair projects beyond that generally available with guidance from their science teachers.

Any student who needs help with his/her science fair project first discusses the project in detail with his/her science teacher. When the science teacher is no longer able to help the student, the student may apply for an advisor through the Advise-A-Student Program. The student completes an application form, and the school science fair coordinator submits it to the Advise-A-Student Chairperson, who then attempts to find a suitable advisor from the database of past advisors. If a match is found, the chairman relays the advisor's contact information to the student's science fair coordinator. It is then up to the student to contact the advisor volunteer.

- I will be unable to assist students this year
- I am no longer able to assist students. Please remove me from the data base.

Yes, I will participate as an advisor to students:

- At any stage of their projects
- Only at the BEGINNING STAGE of their projects
- At the INTERMEDIATE STAGE of their projects, following library research and some experimentation
- At the ADVANCED STAGE of their projects, when students need help in obtaining and understanding technical information about the projects and/or assistance in improving their experiments.

The maximum number of student I can work with this year is _____.

Advisor's Data

Title: Dr. Mrs. Ms. Mr.

Last Name _____ First Name _____

Position _____

Company or Organization _____

Company Address _____

City _____ State _____ Zip Code _____

(Optional)

Home Address _____

City _____ State _____ Zip Code _____

Students may contact me:

by mail on my office phone (_____) _____

by my e-mail address: _____

on my home phone (_____) _____

Area(s) of Expertise
