

The 2014 Science Fair handbook is not available at this time. It should be available in the schools and on-line by the end of September.

In the meantime, the 2013 handbook can serve as an unofficial reference and provide valuable information and general guidance for your project.

Click [here](#) to get the 2013 handbook.

Endorsement requests MUST be made PRIOR to experimentation in order to ensure the safety of the test subject(s) and/or the scientist. The project plans are reviewed by the Scientific Review Committee and, if safe, the endorsement is granted and the experiment may be carried out. Permission to carry out an experiment CANNOT be given to one that has already been completed.

NOTE: The due date for ALL endorsements is November 6, 2013.
